MAGNUS SHOWCASES

THE ART OF EXHIBITING

The Magnus pastry display case is characterized by its elegance and functionality, offering a clear and orderly display of the products on display, which is undoubtedly very attractive to customers.

The display case has a carefully designed structure, which allows excellent visibility of the product, no matter from which angle it is viewed. In addition, its interior LED lighting guarantees excellent illumination of the product, highlighting its colours and details, which contributes to increasing its visual appeal.

The Magnus pastry display case also has an advanced refrigeration system, which keeps the products in optimal conditions of conservation and freshness. Likewise, its practical and functional design allows easy cleaning and maintenance, which is an advantage for the owners and staff of the pastry shop.

The new design of the Infrico Magnus pastry display case is an excellent option for any establishment that wishes to offer its customers an elegant, clear and orderly display of its pastry products, while guaranteeing optimal conservation and easy maintenance.
