SHOWCASES

A detailed photograph of three thick rounds of jamón ibérico stacked on a rustic wooden cutting board. Each round is separated by a piece of white parchment paper. The top round is garnished with a sprig of fresh thyme. In the background, there is a glass jar of olive oil, a wooden bowl of salt, a head of garlic, and some red tomatoes.

BARCELONA SHOWCASES

FRESHNESS AND QUALITY

With a design to maximize the visibility of the displayed product, the Infrico Barcelona Series Showcase is the perfect choice to highlight your meat, charcuterie and delicatessen products.

Its illuminated glass middle shelf highlights every detail, attracting the attention of your customers and enhancing the presentation of your products.

The high-efficiency double LED lighting provides a bright and uniform light, always guaranteeing perfect visibility of your products. In addition, thanks to its modular design, the Barcelona Series Showcase offers a wide range of products with designs for all types of commercial sales, adapting to your specific needs.

You can choose between models with or without a refrigerated reserve, centralized installation or with a built-in group, adapting to your preferences and needs. The straight or curved glass structure provides an elegant and modern touch to your space, complementing the presentation of your products with style.

With a wide range of options and colours, you have the ability to customize your display case to your preferences and brand style. Creating an even more impressive and striking presentation for your products.

Choose Infrico's Barcelona Series Showcase and elevate the presentation of your products by providing an unbeatable shopping experience.
