1-door storage cooler with GN2/1 shelves, stainless steel

The TEFCOLD UR is a classic storage cooler that combines time-tested reliability with a clean design, featuring a practical integrated handle. This particular model boasts an impressively low energy consumption, which is 57% lower than its predecessor. Ideal for demanding foodservice environments, this refrigerated cabinet comes with adjustable GN2/1 shelves with a remarkable load capacity of up to 25 kg per shelf. The storage fridge has fan-assisted cooling, and the temperature is easy to set on a digital thermostat. The UR range is available in various colors and sizes, and you can choose between solid door- or glass door models. See the UF range for freezer options.
